FISIOCREM60X	FISIOCREM, 60 GRAM TUBE (10 PACK)	\$129.95

Fisiocrem SOLUGEL contains a special combination of natural plant extracts well known for their beneficial effects in providing relief from the symptomatic pain and aggravation associated with common muscle, joint, and soft tissue trauma.

Combining the wisdom of the earliest natural healers with the technology of modern science, the extracts are gently removed from the flowering plants and formed into micro sized particles before being bound into a gel with purified water.

When **Fisiocrem**SOLUGEL is applied to the skin with gentle rubbing the solution rapidly releases the active plant ingredients. This rapid release of the high concentrations of natural active ingredients in turn provides you with faster relief from your painful symptoms.

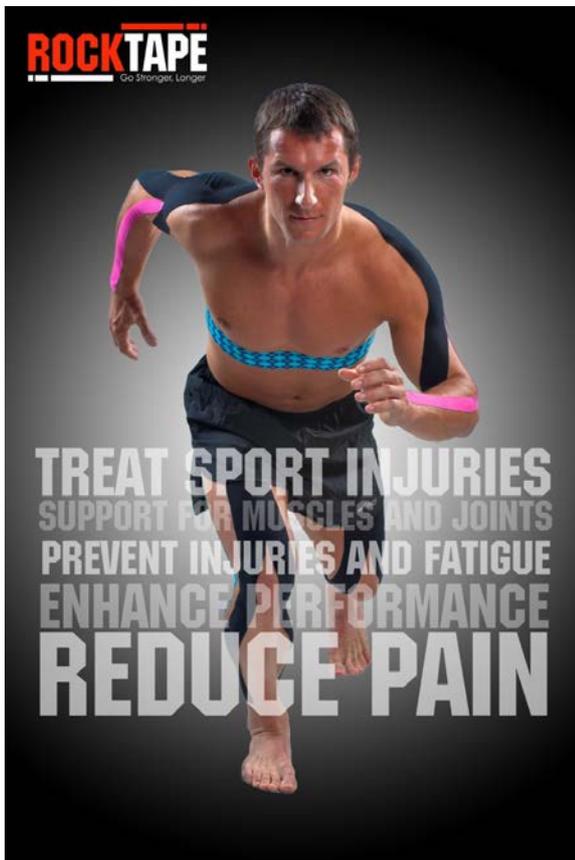

FisiocremSOLUGEL is the ideal natural solution for soft tissue trauma such as bumps, bruises and common muscular aches and pains that result from sport injuries or everyday life.

AUST L 161077

Always read the label and use only as directed. If symptoms persist consult your Healthcare Professional.

7. ROCKTAPE

CODE	DESCRIPTION	RRP
RT5X5	ROCK TAPE	\$22.00
RT5X10	ROCK TAPE, MINI BIG DADDY ROLLS	\$36.00
RT32X5	ROCK TAPE, PRACTITIONER ROLLS	\$112.00

Rocktape is more than just a fashion accessory and is a valuable tool to assist with performance enhancement, athlete recovery and injury prevention.

Unlike rigid tape, which many people find too stiff and restrictive, Rocktape is stretchy and is quickly becoming the preferred tape used by practitioners and athletes.

31. WASHING & CARE OF UNIFORMS

These notes relate to BJJ Uniforms, but can also apply to any martial arts uniforms.

We take pride in selling quality uniforms and we hope that you find this information handy in caring for your uniform.

Information sourced: <http://www.squidoo.com/jiu-jitsu-gi>

SHRINKING

How do I Shrink My Jiu-Jitsu Gi? Or Avoid Shrinking :-)

Several types of BJJ gis these days are actually "pre-shrunk." This means the gi can't get smaller more than one sizes subsequent to being laundered and then dried, yet are going to have a small amount of shrinkage.

Significant amounts of enthusiasts are inclined to adhere to cleaning and drying strategies a lot like these listed here for the first several washing cycles and increase trivial concentrations of heat with their dry cycle if he or she want to partially shrink his or her gi.

To avoid shrinking, hang dry your gi the first five times and from then on, dry on low heat for about five minutes and hang dry.

CLEANING

How Do I Clean My Jiu-Jitsu Gi?

At all times launder your gi following training in cold water. Don't ever use hot water. Most detergents are generally robust which is, thus, detrimental to the cotton materials. Woolite efficient gentle cleaning agent to scale back wear brought on by wash cycles.

Washing your gi inside-out can be another method to prohibit wear brought on by clean cycles. Always use color-safe laundry detergent for black and colored gis.

Use a bleach alternative as an alternative to chlorine bleach on white gis. Chlorine bleach will demolish the fabric, leading them to be more brittle. Utilize liquid fabric softener in your wash cycle in an effort to cease your gi from getting too hard.

Do not use fabric softener sheets. Continually launder gis alone from usual garments considering that like towels, the rough texture will wear on your clothes.

DRYING

How Do I Dry My Jiu-Jitsu Gi?

Hang-drying is appropriate by the majority of companies as the most practical method to dry your gi. A dry cycle with no heat is going to do the job.

These pair of methods often requires quite a while, if you opt to dry your gi by using heat, use a minimal temperature setting, remove the gi right before thoroughly dry, and complete by simply hang drying.

Just remember - when working with heat, almost all gis will become smaller to a degree.

COLOR-SETTING

How To I Keep My Colored Jiu-Jitsu Gi From Fading?

To set the color and stop color diminishing with black and colored gis, prior to the primary clean cycle, soak your gi for 30 minutes in three cups of white vinegar blended in more than enough water to immerse your Jiu-Jitsu Gi.
